

FORCED ACTION MIXERS

VALUE POINTS

- **THE ORIGINAL SOROTO MIXER SYSTEM**

The mixer system is removed without tools which facilitates cleaning and interchanging rubber/steel systems.

- **LOADING WHEELS**

and the use of custom-made lowered bolts ease loading the machine onto a truck bed.

- **TELESCOPIC LEGS**

Can be adjusted between 100 and 140 cm depending on the model, and ensure the right working height.

- **TROWEL BRACKET**

Leave your trowel right where you need it.

- **BUCKET STAND**

Models 65-Light up till 120L are equipped with a robust bucket stand.

- **SAFETY GRID & SWITCH**

CE-certified and safe. Ensuring noone gets hurt in the machine.

- **UPGRADE OPTION: DUST CONTROLLER**

Reduce dangerous dust discomfort by up to 80% — without losing access to the mixture. Compatible with most industrial vacuum cleaners, and easy to use.
